⚲ 5 Clipper Street, Swartkops
Port Elizabeth

EDUCATION

D.F Malherbe Highschool

Varsity College, Port Elizabeth
Higher Certificate in Mobile App and
Web Development

SKILLS

Fast learner

Problem solving

Attention to detail

Physical stamina

Customer service

ADDITIONAL SKILLS

Proficient in Microsoft Word for
document creation, formatting,
and advanced editing.

Skilled in Microsoft Excel,
including data analysis, formulas,
pivot tables, and charting.

LANGUAGE

English

Afrikaans

ABOUT ME

I'm a junior developer passionate about blending design
and coding to create intuitive user experiences. Skilled in
HTML & CSS, Java, Kotlin, React Native, and Figma,

I specialize in user-centered interfaces and prototypes.
I'm seeking opportunities to combine technical skills and
design creativity in impactful, visually engaging projects.

WORK EXPERIENCE

Oct 2023 – May 2024
Field Fitness – Bluewaterbay
Front Desk Associate

In my role as a front desk associate, I assisted with
membership sign-ups and renewals. I also handled
administrative tasks and billing inquiries, conducted gym tours,
demonstrated equipment use and informed new members
about gym classes and offerings.

Sept 2024 – Present
Running Waters – Kragga Kamma

Event Waiter

As an event waitress at Running Waters event venue, I
supported a variety of events, including matric farewells,
weddings, and corporate functions. My responsibilities included
serving pre-selected meals and non-alcoholic beverages to
guests, clearing plates and glassware after each course, and
ensuring tables were reset and cleaned once the event
concluded.

TECHNICAL SKILLS

- **Programming Languages:** Proficient in Java, Kotlin,
  TypeScript, HTML, and CSS.
- **Mobile Development**: Experienced in building cross-
  platform applications using React Native.
- **Web Development:** Skilled in creating responsive and
  visually appealing websites.

DESIGN EXPERTISE

- **UI/UX Design:** Experienced in designing intuitive user
  interfaces and prototypes using Figma.
- **Prototyping:** Skilled in creating interactive prototypes to
  visualize design concepts.
- **Design Principles:** Knowledge of best practices for user-
  centered design and aesthetics.
